Design Gebrüder Thonet

Die Beine des Hockers werden in traditionellem Biegeverfahren aus Buchenholz gefertigt. Die runde Sitzfläche ist als geschmeidiger Muldensitz, mit Rohrgeflecht oder in gepolsterter Version erhältlich. Das robuste Holz und der widerstandsfähige Bezugsstoff machen den Hocker zu einem alltagsfähigen und geselligen Begleiter.

The legs of the stool are produced from beech wood in the traditional bending process. The round seat is available as a smooth moulded seat, with cane work or in an upholstered version. The robust wood and resistant cover fabric make the stool an everyday solid and sociable companion.
