

# HEY-SIGN

## Innovation in Filz

**Innovation in Filz.** Schon seit über 17 Jahren sorgt HEY-SIGN für ein grandioses Comeback des traditionellen Materials Filz.

Die positiven Eigenschaften dieses nachwachsenden Rohstoffs wie Hautfreundlichkeit, Luftdurchlässigkeit und Temperaturbeständigkeit sind seit Urzeiten bekannt, jedoch erst die mehrfach ausgezeichneten Designs sowie eine bis dahin unerreichte Vielfalt in Formen und Farben verschaffen den Filzprodukten von HEY-SIGN ihre Einzigartigkeit.

Sowohl die Filzherstellung als auch die Fertigung aller Produkte ist „Made in Germany“, die Endfertigung der Produkte sogar „Handmade“. Der verwendete Filz besteht zu 100% aus reiner Schurwolle ohne Zusätze von Chemie oder recycelten Textilien, was durch das bekannte Wollsiegel dokumentiert wird. HEY-SIGN ist übrigens die erste und einzige Filzmanufaktur, deren Produkte nach den strengen Richtlinien der „The Woolmark Company“ zertifiziert wurden.

Mit dem vorliegenden Katalog möchten wir Ihnen nun einen Überblick über unser breitgefächertes Sortiment an hochwertigen Filzprodukten geben. Weitere Informationen zu Produkten, Farben und Services finden Sie unter [www.HEY-SIGN.de](http://www.HEY-SIGN.de).

## Innovation in felt

**Innovation in felt.** For more than 17 years already, HEY-SIGN cares for an overwhelming comeback of the traditional material felt.

The positive properties of this renewable raw material as kindness to the skin, air permeability and temperature constancy are known from time immemorial but only the designs repeatedly awarded by numerous institutions as well as the so far unmatched variety of shapes and colours give all HEY-SIGN products their uniqueness.

The production of felt as well as the creation of all products is “Made in Germany”. The finishing of the products is even handmade. HEY-SIGN felt consists to 100% of pure new wool without any chemical additives or recycled textiles. This high quality demand is documented by the well-known WOOLMARK label. HEY-SIGN is, by the way, the one and only felt manufacturer whose products were certified according to the strict guidelines of “The Woolmark Company”.

With this catalogue at hand, we now wish to give you an overview of our wide-ranging assortment of high-quality felt products. For additional information about our products, colours and services, please have a look at our website [www.HEY-SIGN.de](http://www.HEY-SIGN.de).

**Dear customer,**

Wool felt from HEY-SIGN consists of 100% pure new wool without chemical additives or recycled textiles which is documented by the well-known Woolmark label.

As to wash & care – wool felt is an unproblematic material. The proportion of natural wool fat and the density of the material prohibit a quick penetration of dirt.

On the following pages we would like to give you – assorted according to product segments – some precious hints for the wash & care of our products.

REINE SCHURWOLLE

PURE NEW WOOL

WOOLMARK

### **Seat cushions of 5 mm wool felt:**

Seat cushion of 5 mm wool felt can be washed by hand uncomplicatedly (please see explanation before).

2- or 3-layer cushions with foam filling should not be soaked completely as they would take quite long to dry.

### **Seat cushions of 2 mm wool felt:**

Seat cushions manufactured from the 2 mm material (e.g. cushion Frisbee) should only be dry-cleaned.

### **Seatings:**

The covers of our seatings – such as QUART – are always manufactured as slip covers which on the bottom are fixed with the help of a velcro-fastener. This way the slip cover can easily be taken off for cleaning purposes.

Covers of 2 mm felt should be dry-cleaned only.

If the 3 mm material is used for the slip-covers you can clean it manually (please see before) although, without doubt, the more convenient way is dry-cleaning. If you clean the slip cover yourself, please take care to dry them wrinkle- and bend-free.
