Karl-Johan Portable Table Lamp

Signe Hytte

Karl-Johan Portable Table Lamp

Signe Hytte

Materials
ABS, Polyethylene (PE)

Dimensions
H 180 x Ø 160 mm

About the Designer

Signe Hytte grew up among Scandinavian design icons, and that heritage serves as a foundation for her work. Drawing inspiration from culture and art rather than trends and tech, she aims to create objects, designs, and interiors that tell a story. With meticulous attention to detail, every project is an expression of a feeling, a dream, or an idea.

A light for nature's elements

As a poetic tale, the Karl-Johan lamp now finds its way back to its source of inspiration: nature. In a new version, the lamp has been made portable so that it can also accompany you outside. The recognisable soft curves are made in a particularly durable material that keeps out the night's dew and the soil of the forest floor, while a soft light spreads over the elements of nature.

Inspired by nature, designer Signe Hytte has created the Karl-Johan Table Lamp for New Works. A new version of the lamp now makes it possible to bring the design back to its source of inspiration. Karl-Johan Portable is a small and easily transportable version of the original design, where the soft design language that characterises the lamp has been made particularly durable. This makes it possible to take the lamp out into the elements of nature; on the terrace from the first early spring evenings and for a swim on the beach on a warm summer evening. The material is impact-resistant and repels rain, dew, sand, and soil so that it can follow you indoors and outdoors – wherever and whenever.

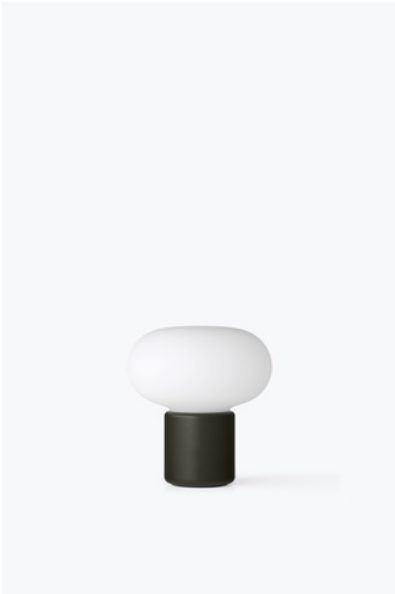

By twisting the upper part of the lamp, the light is easily switched on, softly diffused through the white lampshade. The brightness can be adjusted to three levels with a light touch underneath the lamp base. The base in the new version comes in five colours, which each in their own way creates a balance for the luminous upper part. The Karl-Johan Portable Table Lamp is charged with an included magnetic cable and can light for up to 22 hours.

About New Works

New Works presents a collection at the intersection between old and new. Light and dark. Design and art. Our work pays homage to the strong Scandinavian history of craftsmanship and materiality, whilst challenging the contemporary forms of today. We collaborate with an international group of renowned designers and artisans, who display a matching fascination with sculptural forms and honest materials. These collaborative pursuits convey our love of the sensual, and of the bold.

Specifications

Product Name

Karl-Johan Portable Table Lamp

Designer

Signe Hytte

Category

Lighting

Type

Portable Table Lamp, Outdoor

Year

2023

Material

ABS, Polyethylene (PE)

Colour/Variant

Forest Green, Cold Black, Light Grey, Ochre Yellow, Earth Red

Product Dimensions

H: 180 x Ø: 160 mm

Packaging Dimensions

H: 190 x W: 180 x D: 180 mm

Cord

Magnetic charging cable, 1500 mm
(fits 5V/2A universal USB adapter)

Weight (incl. packaging)

1.1 kg

Country of Origin

China

Master Packaging

4

Certification

CE, Class II, IP65, IK10

Bulb

Light source included

Light Source

0,75W LED, 2700K
Lumen: 160 lm
Operating time: Up to 22 hours
Charging time: 3 hours (0-100%)

Dimmability

Integrated three-step touch dimmer with memory

Safety Precautions

This product contains a Li-ion battery. Misuse of said battery may lead to potentially hazardous outcomes. Damaged or defective batteries may increase the risk of critical battery failure. In case of smoke, battery swelling, or an odor while charging, terminate charging immediately. New Works Aps does not take responsibility for battery failure prompted by unintended use.

Cleaning

Wipe the product with a soft dry or moist cloth. Do not use any abrasive cleaning tools, and never use strong cleaning agents such as household glass cleaner, white spirit, or turpentine.
