Brolly Portable Table Lamp

Knut Bendik Humlevik

Materials
Aluminium, Electroplated Steel

Dimensions
H 300 x Ø 165 mm

About the Designer

After years of experience as a product designer, Knut Bendik Humlevik became New Works creative director in 2014. Leading the story of New Works in collaboration with a number of internationally renowned designers, Knut also contributes his own pieces to the collection. His Scandinavian heritage is combined with an internationally inspired passion for honest materials, in a quest to create artistic and highly functional objects.

Petite Portable

Let the light spread from the center of the table or the dark corner of the windowsill with the new Brolly Portable Table Lamp. A particularly refined simplicity forms the silhouette of the lamp and challenges the common notion of cordless light.

Brolly is a portable table lamp made in brushed steel, which demonstrates the strength of simplistic shapes. Precise and considered, this elegant little light displays the kind of thoughtful, almost deceptive, simplicity that makes it a timeless detail in any decor. Although the design adheres to strict geometry, the lamp attains a finely whimsical presence from the seemingly delicate rod supporting the conical lampshade.

Brolly was born from an in-depth study of portability; how can one explore and refine the concept of portability and what would the ideal features of a portable be? The study resulted in a table lamp tall enough to offer a generous downwards-facing light output, but petite enough to not disturb social intimacy or take up too much space when placed in the centre of a table. The lamp is charged with a magnetic charger, which attaches seamlessly underneath the lamp base, allowing for the light to still be in use while charging. A three-step dimmer switch at the peak of the lampshade is integrated intelligently in the design and makes for straightforward use of the lamp.

The Brolly Portable Table Lamp comes with a shade in the same material as the base or dressed in a bone linen textile. The nearly black metallic finish with subtle grey and brown tinges accentuates its sharp silhouette and bestows it with an alluring darkness.

About New Works

New Works presents a collection at the intersection between old and new. Light and dark. Design and art. Our work pays homage to the strong Scandinavian history of craftsmanship and materiality, whilst challenging the contemporary forms of today. We collaborate with an international group of renowned designers and artisans, who display a matching fascination with sculptural forms and honest materials. These collaborative pursuits convey our love of the sensual, and of the bold.

Specifications

Product Name

Brolly Portable Table Lamp

Designer

Knut Bendik Humlevik

Category

Lighting

Type

Portable Table Lamp

Year

2023

Material

Aluminium, Electroplated Steel, (Textile)

Colour/Variant

Steel Black, Linen

Product Dimensions

H: 300 x Ø: 165 mm

Packaging Dimensions

H: 360 x W: 180 x D: 180 mm

Cord

Magnetic charging cable, 1500 mm
(fits 5V/2A universal USB adapter)

Weight (incl. packaging)

1.8 kg

Country of Origin

China

Master Packaging

4

Certification

CE, Class II, IP44

Bulb

Light source included

Light Source

2W LED, 2700K
Lumen: 140 lm
Operating time: Up to 15 hours
Charging time: 5 hours (0-100%)

Dimmability

Integrated three-step touch dimmer

Safety Precautions

This product contains a Li-ion battery. Misuse of said battery may lead to potentially hazardous outcomes. Damaged or defective batteries may increase the risk of critical battery failure. In case of smoke, battery swelling, or an odor while charging, terminate charging immediately. New Works Aps does not take responsibility for battery failure prompted by unintended use.

Cleaning

Wipe the product with a soft dry or moist cloth. Do not use any abrasive cleaning tools, and never use strong cleaning agents such as household glass cleaner, white spirit, or turpentine.
