

Lumiere XX, soffitto

by Rodolfo Dordoni

FOSCARINI

DESCRIPTION

Wall or ceiling lamp with diffused light. Handblown cased glass diffuser with glossy finish and oblique cut. Ceiling plate and central element, which acts as a glass-lock, in epoxy powder coated metal.

MATERIALS

Blown glass and metal or varnished aluminium (LED version)

COLORS

Cool Brown, Cool Grey, White

Lumiere XX, soffitto

technical details

FOSCARINI

The ceiling lamp Lumiere XXL and XXS characterise the space with its own dynamism, thanks to essential and brand new geometries, created with the expert craftsmanship of master glassmakers. Their movement is created by their strong lines and by the orientation of the upper surface of the diffuser, which lies oblique to the surface it rests on, as the result of a cut that sections the glass in a surprising and original way. By using multiple versions of the two dimensions or simply orientating the glass in a different way you can create an interplay of balance and lively compositions.

Designer

FOSCARINI

RODOLFO DORDONI

With an array of activities ranging from architecture, to product design, artistic direction, and the setting up of showrooms and exhibitions, Rodolfo Dordoni has put his name to some of the most significant and famous Italian design projects, including Lumiere:

a contemporary restyling of the classic bedside lamp, made in blown glass and die-cast metal, which has become one of the biggest successes in the Foscarini collection. Again in blown glass, a material capable of conveying emotions of timeless beauty, is the Buds collection.
