The Peek Floor Lamp is simplistic, humble and somewhat quirky in its form. Designed by Jonas Wagell, as a counterpart to Peek Table Lamp, Jonas wanted to create an object that expressed personality and encouraged intuitive engagement. Made up of only three components, the lamp has a heavy base with a long slender stem and a shade which gracefully peeks over the back of a sofa or armchair. The base comes with a concave feature creating a small storage space for the essential stationary, jewellery and other small items. The tip of the stem, as well as being a design feature, also doubles up as a functional dimmer.
