Artifort

Toelichting stoffenlijst

Waarom rekcategorieën? Voor Artifort is het erg belangrijk dat de stoffering van haar zitmeubilair aan haar hoge kwaliteitseisen voldoet. Daarom is niet iedere stof geschikt voor elk model, bijvoorbeeld omdat de stof niet over voldoende rek beschikt om de vormen van het meubel te kunnen volgen. Artifort kent stoffen en meubels daarom rekcategorieën toe. Er zijn er vijf, waarvan categorie 1 tot en met 4 oplopen in rekbaarheid en 5 alleen leer bevat. Leer heeft een aparte categorie omdat het zich anders gedraagt dan stof, het is immers een natuurproduct. Op de prijspagina's ziet u steeds onder de afbeelding welke rekcategorieën toepasbaar zijn op het bewuste meubel.

Standaardstofcollectie & niet-standaard stoffen
In de prijslijst hebben wij een selectie opgenomen uit de collecties van onze stofleveranciers, onze standaardstofcollectie. Op www.stoffenkiezer.nl vindt u bovendien prijs- en rekinfo van nog een aantal stoffen. Staat de beoogde stof hier niet tussen, neem dan contact op met onze binnendienst. Van veel stoffen buiten onze standaardcollectie is reeds bekend in welke rekcategorie deze vallen, mocht dit nog niet het geval zijn dan ontvangen wij graag een staal (50x50cm) zodat wij de rek kunnen beoordelen.

Verkoop losse stoffen
Artifort werkt samen met diverse stoffabrikanten. Bij aankoop van een Artifort meubel kan indien gewenst extra metrage besteld worden voor het stofferen van een accessoire of een ander meubel in dezelfde stof. Hiervoor wordt € 50,- netto handelingskosten in rekening gebracht. Het is echter niet mogelijk losse stoffen te kopen bij Artifort. Voor losse stoffen verwijzen wij u graag naar de betreffende stofleverancier.

Meer info stoffen
Voor meer info over de stoffen en kleurvoorbeelden kunt u terecht op www.stoffenkiezer.nl, maar uiteraard ook op de eigen websites van onze stofleveranciers:

Artifort Ox

Bij Artifort besteden we ongelofelijk veel aandacht aan de esthetische en functionele eigenschappen van de leer- en stoffencollectie voor onze stoelen en banken. Nieuw is Artifort Ox, een speciaal voor Artifort ontwikkelde collectie van hoogstaand rundleer.

Door zijn elasticiteit en uniforme uitstraling, past Artifort Ox perfect op onze banken en stoelen. Het gepigmenteerde leer heeft een fijne korrel en voelt soepel en aangenaam. Het zorgvuldig geselecteerde kleurenpalet in twaalf natuurtinten zorgt voor een luxe, elegante uitstraling.

De kwaliteit en gaafheid van Artifort Ox is voornamelijk gekoppeld aan de grondstof, wat begint bij het selecteren van de beste Europese huiden. De soepele huiden worden vervolgens gelooid en afgewerkt in Italië. Artifort Ox is verkrijgbaar in prijsgroep EE.

Voordelen van gepigmenteerd rundleer

Gepigmenteerd rundleer is een natuurproduct

Gepigmenteerd rundleer is duurzaam

Gepigmenteerd rundleer is van nature vuilbestendig

Gepigmenteerd rundleer is uitermate geschikt voor intensief gebruik

Gepigmenteerd rundleer voelt comfortabel en soepel aan
