Toelichting stoffenlijst

Waarom rekcategorieën? Voor Artifort is het erg belangrijk dat de stoffering van haar zitmeubilair aan haar hoge kwaliteitseisen voldoet. Daarom is niet iedere stof geschikt voor elk model, bijvoorbeeld omdat de stof niet over voldoende rek beschikt om de vormen van het meubel te kunnen volgen. Artifort kent stoffen en meubels daarom rekcategorieën toe. Er zijn er vijf, waarvan categorie 1 tot en met 4 oplopen in rekbaarheid en 5 alleen leer bevat. Leer heeft een aparte categorie omdat het zich anders gedraagt dan stof, het is immers een natuurproduct. Op de prijspagina's ziet u steeds onder de afbeelding welke rekcategorieën toepasbaar zijn op het bewuste meubel.

Standaardstofcollectie & niet-standaard stoffen

In de prijslijst hebben wij een selectie opgenomen uit de collecties van onze stofleveranciers, onze standaardstofcollectie. Op www.stoffenkiezer.nl vindt u bovendien prijs- en rekinfo van nog een aantal stoffen. Staat de beoogde stof hier niet tussen, neem dan contact op met onze binnendienst. Van veel stoffen buiten onze standaardcollectie is reeds bekend in welke rekategorie deze vallen, mocht dit nog niet het geval zijn dan ontvangen wij graag een staal (50x50cm) zodat wij de rek kunnen beoordelen.

Verkoop losse stoffen

Artifort werkt samen met diverse stoffabrikanten. Bij aankoop van een Artifort meubel kan indien gewenst extra metrage besteld worden voor het stofferen van een accessoire of een ander meubel in dezelfde stof. Hiervoor wordt € 50,- netto handelingskosten in rekening gebracht. Het is echter niet mogelijk losse stoffen te kopen bij Artifort. Voor losse stoffen verwijzen wij u graag naar de betreffende stofleverancier.

Meer info stoffen

Voor meer info over de stoffen en kleurvoorbeelden kunt u terecht op www.stoffenkiezer.nl, maar uiteraard ook op de eigen websites van onze stofleveranciers:
