Put your life — on display

The Montana Free shelving system is a new kind of furniture for a new way of living. Freestanding, easy to assemble and irresistibly mobile.

Montana Free is designed to last. But also made for change. Because life changes. Your mood changes. Your needs change. So does Montana Free. Move it around, expand it, add more colours. Cover it with memories or go full-blown minimal. Share it with someone or keep it to yourself. Montana Free is not just a piece of furniture; it's a big, open canvas.

The shelving system has all the marks of Montana's unique DNA and the high quality you would expect.

Certified with the EU Ecolabel and the Danish Indoor Climate label – making it a safe choice for you, your loved ones and the environment.

Designed by Jakob Wagner.

Divides rooms — never opinions

Montana Free shelving system consists of 12 standard compositions that you can choose with an optional interposed shelf.

Designed to last — but also to change

Optional, vertical textile panels allow you to play with colours and expressions, create personalised screens between rooms, and alter the transparency of the shelving as desired.

Made by Montana — interpreted by you

Montana Free shelving system consists of 12 standard compositions that you can choose with an optional interposed shelf. The standard compositions range in size and function from the smallest design: a two-shelf-high bench that can fit under a window – to the largest solution: a six-shelf-high unit perfect as both an airy and decorative room divider or a spacious shelving unit placed against a wall. Optional, vertical textile panels allow you to play with colours and expressions, create personalised screens between rooms, and alter the transparency of the shelving as desired.

Montana Free shelving system consists of lacquered MDF shelves in depth 38 cm divided by tubes emphasizing the horizontal shelves. The shelves and the tubes are available in seven lacquer colours: New White, Fjord, Black, Black Jade, Beetroot, Masala and Teklan Mix. The panels feature the textile Remix 2 from Kvadrat.
