

DELTA TABLE BASE h:73cm

By Jorge Pensi

Delta collection is made to fit in with exterior or interior contemporary spaces. The injected aluminum base and extracted aluminum column make it ideal for use in the open air, due to the weather-resistant properties of these materials. The folding top and the design of the base enables the tables to be lined up one against the other to save space when they are not in use. The goal of the DELTA chair was to create a timeless product that constantly seeks to strike a balance between realism and surrealism—matter and antimatter, abstraction and emotion. The goal was to maximize emotions while minimizing resources, questioning the common logic of something new.

assembly instructions fixed / instrucciones de montaje fijo

66006 / 66007 / 66008

- 1 Nut / Tuerca
- 2 Threaded rod / Varilla con rosca
- 3 Base / Base
- 4 Profile / Perfil
- 5 Joining disc / Disco adaptador
- 6 Mounting support / Soporte fijo
- 7 Cap nut / Tuerca ciega
- 8 Screw M6 (x6) / Tornillo M6 (x6)
- 9 Allen wrench / Llave Allen

1

Place the cap nut onto the threaded rod and screw the threaded rod through the profile and base until it comes to a complete stop. Next secure the joining disc to the profile. Finally, screw the nut to the base to keep it secure.

Colocar la varilla a la tuerca ciega hasta el fin del recorrido para que quede bloqueada, después el perfil a la base; luego el disco adaptador al perfil; a continuación el soporte fijo y por último apretar la tuerca hasta que quede bloqueada.

! Screw
Apretar

2

Join the table top to the mounting support.
Unir el tablero al sistema fijo.
