

wästberg / w 102 chipperfield

**Product Information**

This lamp references an archetypal personal desk lamp for home or office use, and seeks to offer a fresh interpretation of the familiar on a domestic scale. The lamp is predominantly made from brass – a material commonly associated with lights, though not so widely used today. The intention was to create a simple form with a clear distinction between a base, a single arm and a lamp head. The lamp has no visible joints and minimal directional movement, without compromising its function.

Design: David Chipperfield

<b>Solid brass</b>	w 102 chipperfield is made of solid brass. The base is forged and the shade is spun. The parts are brushed and treated with a clear matt lacquer.
<b>Integrated LED</b>	The light technology is based on an energy-efficient, high quality LED solution, which gives a warm white light.
<b>Optical lenses</b>	Optical lenses offer good light distribution and glare-protection.
<b>Smooth rotation</b>	A ball bearing construction enables smooth rotation between the upper and lower base parts.
<b>Adjustable shade</b>	The shade can be adjusted 140° (+/- 70°) around its horizontal axis.
<b>Dimmable</b>	The integrated dimmable LED driver is operated by a dimmer button, made of solid brass.
