VERNER PANTON

PANTON ONE
NEW COLOURS 2019

Panton One

Dressed up in new colours and paper string

The very first chair design of Verner Panton designed in 1955, Panton One, is now released in a new look – hand-weaved with paper string in Black and Nature – and in new colours for the cord and frame. The paper string gives the chair a new look and feel, allowing for interesting combinations of materials. New is also the now available chrome frame.
