The entrance hall sets the mood when guests arrive in your home. Here, they get their first impression of who you are and how you live. The series consists of a shoe storage box, a shoe bench, mirror, storage, racks and rails – and they can be combined freely with the Montana system:
36 modules, 4 depths and 42 colours.

QUALITY THAT LASTS

All of our products are developed and made in Denmark. We have over 160 employees under one roof, all applying their expertise in processing, painting and assembly. This ensures that our high standards of quality are maintained, and that everything is produced under conditions that respect our workforce and the world around us.

We cherish the virtues of traditional craftsmanship and we do things properly. Every Montana module is created from scratch and built with pride.

Since 2007, we have exclusively used water-based lacquer colours, which neither smell nor contain solvents. Montana modules carries the Danish Indoor Climate Label, and Montana is certified in accordance with international environmental standards.
