

CARRY ON
Stool
By Mattias Stenberg

PRODUCT INFORMATION

Carry On is a portable seating solution that works perfectly by itself but also as a complement to other products. Carry On is designed by Mattias Stenberg who has a strong belief in the need of flexible working places in the public space. Today we work more in projects and need environments that can be easily adapted to different needs. Carry On is not only physically flexible; it also signals to the user how it should be used by the handle on top. Carry On has round but simple forms and combines traditional materials and craftsmanship with contemporary design and functions. It gives a tailored impression with stitching that communicates good craftsmanship. It is easy to stack Carry On, which means that it does not have to be stored elsewhere when not used.

TECHNICAL INFORMATION

Frame in wood with cold foam. Floor plate in black polypropen. Upholstered in fabric or leather. Standard leather Elmo Soft. High compressed handle in white pigmented ash, casted fitting in zinc.

This product is available in an eco-labeled performance, certified by the Nordic Ecolabel and/or Möbelfakta. By choosing this product you make a difference towards a better environment.

Fabric, patterns & stitches

- Recommended fabrics
- Selected Patterns
- Selected Stitches
- Contrasting colors on seams

When you choose a product from the Offecct collection, you as a customer decide on the choice of upholstery and additions for decorative patterns and contrasting seams. Our strong design requires high quality fabric in order for the shape to be emphasized correctly and the end result accurate.

On the following pages, we present our recommendations regarding your choice of fabric and various possibilities for customizing your ordered furniture.

Recommended fabric

In the following compilation of fabric manufactures and collections you will find the fabrics that we recommend for the upholstery of Offecct's products. The recommendation is made on the basis of function, durability and the ability of the fabric to take advantage of the shape of the product. Everything for an optimal end result. For questions and further recommendations, please contact our support.

EU Ecolable

Parts of the collection are eco-labelled under the Nordic Ecolabel and/or Möbelfakta schemes. In order for the product to be approved, the upholstery material must possess the EU Ecolabel.

Cradle to Cradle

Cradle to Cradle is a label for "environmentally intelligent design" that promotes safe and healthy materials, social responsibility and cyclical renewable production. A product can get basic, silver, gold and platinum marking depending on how many criteria the products meet. If you have any questions, please contact Offecct support.
